(17008790) Trespass

Reported: 11-13-2017 1228

Resident sent an email to city officials requesting assistance with construction traffic near his home. A new home is being constructed next door to his and the workers are consistently on his property with foot traffic and equipment. He said he has contacted the primary builder with his concerns but the issue continues. Police responded to the area and could see a new home being built. A snow fence was also placed along the property line between the two lots. Police saw no traffic, equipment or materials on the concerned resident's property so it appears the builder has addressed the issue.

Addresses Involved

17008792) Litter/Dumping

Reported: 11-13-2017 1549

Police received an anonymous complaint regarding a construction debris bag in the driveway of a Medina resident. The caller said the green debris bag is an eye sore and she is tired of looking at it. Police explained to the caller that as long as the homeowner is actively using the bag as part of an ongoing project, they were not in violation of City ordinances. The caller demanded police do something about it. Police responded and observed the green bag in the driveway that contains pieces of wood, old carpet and padding material and a few miscellaneous items commonly associated with home remodeling. The bag is not overflowing with items and all debris is contained within the bag. Police made contact with the homeowner. It is estimated the project would be completed sometime in the next two - four weeks. Because repairs are still ongoing, the nuisance ordinance violation does not apply at this time.
