- Discussed a merger between the Loretto and Hamel Volunteer Fire Departments. A report will be brought back to the Council by the end of the year.

6) **Uniform Park Signs**

The Park Commission reviewed two sample park sign designs that were created by graphic design artist Lori Dalrymple and had a few changes:

- Remove the address of the park
- Make park name larger
- Remove “Park Closes at 10 p.m.”
- Remove M watermark
- Use the colors of the sign in the white frame
- Use the design of the other sign with the logo on top.
- The Park Commissioners liked the idea of having a curve on top and bottom of the sign to give it more character than a square sign
- Since there will not be as much text on the sign, it can be narrower

The Park Commissioners read descriptions of various types of sign materials and there was a general consensus to use a cost effective low maintenance material.

The Park Commissioners requested to have Paul Jaeb follow up with the sign companies to see if he can get sample material for the next meeting to see what type of sign material should be used.

7) **Hamel Legion Park Master Plan**

White reported that the Sub-committee consisting of Linck, Hilsberg, White, and Scherer had met and prepared a map and descriptions of the designated areas to be addressed in the Hamel Legion Park Master Plan.

Benson questioned why some areas such as the storm water pond, picnic shelters, skating rink, baseball field and the lighted ball field were not identified. There was a general consensus to create two more areas on the map incorporating all of the above mentioned park features.

The Park Commissioners reviewed the draft Request for Proposal to be distributed to qualified consultants.
