- Proposed to be removed from LTSSA

Wetland Locations

Metropolitan Urban Service Area

- Existing Urban Services (2017)
- Added to MUSA 2018-2040
- Future Development Area (post-2040)

The Future Development Area identifies areas which may potentially be planned for urban services in the future beyond the term of this plan (post-2040).

The Long-term Sewer Service Area is a long-term planning designation of the Metropolitan Council. It identifies areas which may be considered for potential sanitary sewer service in the future beyond the term of this Plan.
