

Sign up for organics recycling and help stop waste!

More than one-third of our trash is organic material that could be composted, so it's easy to make a difference in reducing waste and protecting the environment by signing up for organics recycling.

Put your trash to better use

Organics recycling involves collecting food scraps, non-recyclable paper and compostable products in separate Blue Bags.

You place the Blue Bags in your trash cart, and they are later separated from the trash and sent to a compost site.

At the compost site, the organic materials are put to better use by turning them into compost, a nutrient-rich soil amendment that is used in landscaping, gardening and road construction projects.

Start participating at no additional cost

Organics recycling is already included with your trash and recycling service. You just need to sign up to get started. Sign up by contacting Randy's at custserv@randyssanitation.com or 763-972-3335.
